07

WHO WE ARE

Arabian Leader Engineering Industries is a specialized engineering and metal fabrication company delivering high-quality, customized metal solutions across a wide range of sectors.

From early-stage design and engineering to manufacturing and final handover, we work closely with our clients to transform project requirements into reliable, practical, and professionally executed solutions.

Backed by more than 10 years of experience in the UAE and Australian markets, our team brings the technical expertise and manufacturing capability required to meet demanding project specifications while maintaining a strong focus on quality, budget, and timely delivery.

Our goal goes beyond manufacturing. We aim to build long-term partnerships by providing solutions our clients can rely on, while continuing to expand our presence in Jordan and across the Middle East.

OUR DIVISIONS

THREE SPECIALIZED DIVISIONS.
ONE ENGINEERING STANDARD.

Arabian Leader brings together three specialized divisions to deliver integrated metal fabrication and engineering solutions — from architectural metalwork to industrial enclosures and piping systems.

01

CUSTOM METAL SOLUTIONS

**Designed Around Your Project.
Built to Last.**

Our Custom Metal Solutions division delivers tailored fabrication for architectural, commercial, and industrial applications. From concept and design through manufacturing and final handover, we produce customized metal solutions that combine functionality, durability, and precise execution.

-  Stainless Steel Works
-  Metal Doors & Security Gates
-  Metal Cladding & False Ceilings
-  Metal Décor
-  Pergolas & Parking Shades
-  Handrails & Fences
-  Solar Panel Structures & Shades

02

METAL BOXES & ENCLOSURES

Precision-Built. Project-Ready.

Our Metal Boxes & Enclosures division provides both standard and customized metal enclosures designed to support a wide range of project and operational requirements.

Each solution is developed around the required application, dimensions, and functionality while maintaining a clean and professional fabrication standard.

-  Electrical Enclosures
-  Metal Cabinets
-  Lockers
-  Firefighting Boxes

03

PIPING & FLOW SYSTEMS

Fabricated for Industrial Performance.

Our Piping & Flow Systems division delivers specialized fabrication and maintenance solutions for industrial piping applications using stainless steel and carbon steel.

The division supports demanding industrial applications through fabricated pipe systems, pipeline components, firefighting piping, and stainless-steel process solutions.

-  Stainless Steel Pipe Fabrication
-  Carbon Steel Pipe Fabrication
-  Pipe Maintenance
-  Collectors & Pipeline Spools
-  Prefabricated Firefighting Pipes
-  Stainless Steel Production Lines
-  Stainless Steel Tanks for Food, Pharmaceutical & Chemical Industries

BUILT AROUND YOUR VISION.
ENGINEERED FOR REAL-WORLD
PERFORMANCE.

ENGINEERED TO PROTECT.
BUILT TO PERFORM.

PRECISION IN EVERY CONNECTION.
PERFORMANCE IN EVERY SYSTEM.

INDUSTRIES WE SERVE

ENGINEERED FOR DIVERSE INDUSTRIES.
BUILT FOR REAL-WORLD DEMANDS.

Arabian Leader Engineering Industries delivers customized metal fabrication and engineering solutions across a range of commercial, industrial, and infrastructure applications.

01

CONSTRUCTION & ARCHITECTURAL

Metal solutions that combine function, durability, and design.

- Metal Doors & Security Gates
- Metal Cladding & False Ceilings
- Pergolas & Parking Shades
- Handrails & Fences
- Architectural Metal Décor

02

INDUSTRIAL & MANUFACTURING

Fabrication solutions designed around demanding operational environments.

- Custom Metal Fabrication
- Structural Metal Works
- Industrial Components
- Piping & Process Support
- Maintenance & Retrofit Solutions

03

FOOD, PHARMA & CHEMICAL

Stainless-steel systems for specialized process applications.

- Stainless Steel Production Lines
- Stainless Steel Tanks
- Process Piping Systems
- Hygienic Fabrication Solutions
- Custom Solutions for Food, Pharmaceutical & Chemical Industries

04

FIRE PROTECTION

Fabricated solutions supporting fire protection systems and infrastructure.

- Firefighting Boxes
- Prefabricated Firefighting Pipes
- Pipe Fabrication & Installation
- Custom Fire Protection Components
- Support Structures

05

ELECTRICAL & TECHNICAL INFRASTRUCTURE

Custom-built enclosures for technical and electrical applications.

- Electrical Enclosures
- Metal Cabinets
- Lockers
- Customized Metal Boxes
- Enclosures for Various Applications

06

SOLAR & ENERGY SUPPORT

Engineered metal structures built to support modern energy applications.

- Solar Panel Structures
- Solar Panel Shades
- Support Frames
- Customized Mounting Solutions
- Durable Outdoor Fabrication

ONE ENGINEERING PARTNER. MULTIPLE INDUSTRIES.

Flexible fabrication capabilities. Specialized solutions. Built around every project.

WHY ARABIAN LEADER

EXPERIENCE BEHIND EVERY SOLUTION.
COMMITMENT BEHIND EVERY PROJECT.

At Arabian Leader Engineering Industries, we bring together practical engineering experience, customized fabrication capabilities, and a project-focused approach to deliver metal solutions built around our clients' requirements.

From initial design to final handover, we remain focused on quality, project specifications, budget considerations, and reliable delivery.

10+
YEARS OF
INDUSTRY
EXPERIENCE

01

10+ YEARS OF EXPERIENCE

Experience Across
International Markets

More than a decade of experience in the UAE and Australian markets has strengthened our ability to work with demanding project requirements and diverse applications.

02

END-TO-END PROJECT SUPPORT

From Concept to Handover

We support projects from the early design stage through fabrication and final handover, helping create a more coordinated and efficient delivery process.

03

CUSTOMIZED SOLUTIONS

Built Around Your Requirements

Our capabilities are not limited to standard products. We provide customized metal fabrication solutions designed around specific project requirements and applications.

04

DIVERSE ENGINEERING CAPABILITIES

One Partner. Multiple Solutions.

Our three specialized areas — Custom Metal Solutions, Metal Boxes & Enclosures, and Piping & Flow Systems — allow us to support a wide range of architectural and industrial requirements.

05

QUALITY WITHOUT COMPROMISE

Built to Meet Demanding
Specifications

We focus on meeting sophisticated project specifications while considering budget requirements without compromising our stated quality standards.

06

LONG-TERM PARTNERSHIP

More Than a Supplier

Our mission is built around providing quality products, appropriate pricing, and on-time delivery while developing strong and sustainable relationships with our customers.

YOUR REQUIREMENTS. OUR ENGINEERING COMMITMENT.

Reliable Solutions. Precise Execution. Long-Term Partnership.

LET'S BUILD SOMETHING STRONGER.

YOUR NEXT PROJECT STARTS
WITH A CONVERSATION.

Whether you require custom metal fabrication, industrial enclosures, piping systems, or specialized engineering solutions, our team is ready to discuss your requirements and develop the right solution for your project.

Get in touch with Arabian Leader Engineering Industries and let's turn your requirements into engineered results.
